

Notes on Maria Magdalena Beitzel

Generation 1

1. **MARIA MAGDALENA¹ BEITZEL** was born on August 30, 1809 in Wunderthausen. She met **HENRICH FEIGE**. He was born in Münchhausen.

Notes for Maria Magdalena Beitzel:

Born in the house Unter der Laye in Wunderthausen. Her parents were not married at the time, and it is not clear whether and when she was known as Pott or Beitzel. I think the latter. She had an illegitimate son Johann Georg in 1830 whose father was "Henrich Feige" (aka Fey, I think). The child died before he was two.

I believe she came to America on the ship Apollo that landed in New York out of Bremen on July 7, 1835. What became of her is anyone's guess, but I think it is most likely that she joined the cluster of Wunderthäuser around Oxford, New Jersey.

Notes for Henrich Feige:

The only documented mention I have of him is as the father of an illegitimate child in 1830. I strongly suspect that he was the brother of the man known as "Johann Georg Fey."

Henrich Feige and Maria Magdalena Beitzel had the following child:

- i. **JOHANN GEORG² FEIGE** was born on November 19, 1830 in Wunderthausen. He died on February 09, 1832 in Wunderthausen.
